WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (I) unidentified facilities or tracking activity.

SUMMARY

25X1A An ammunition storage area (reported in the Bombing Encyclopedia as Sikachi-Alyan U Storage) is located 9 kilometers (km) east of Sikachi-Alyan (Figure 1). It covers approximately 240 acres and contains 1 administration building, 1 barracks, 19 ammunition storage buildings, and 11 support buildings (Figures 2 and 3).

The installation was covered by KEYHOLE missions between [REDACTED]. Comparative analysis reveals no significant change in facilities and a constant level of activity throughout the period. NPIC Report U.S. 80729/65 reports this target as [REDACTED]

DESCRIPTION OF INSTALLATION

Road Service

A secondary probably all-weather road provides access to Sikachi-Alyan and Khamrovsk.

Administration and Troop Housing Area

Area D is occupied and contains 1 administration building, 1 barracks, and 9 support buildings.

Ammunition Storage Areas

Area F1 contains 19 ammunition storage buildings, 2 support buildings, 2 guardhouses located outside the secured area, and several small sheds scattered throughout the area. The area is occupied, enclosed by a firebreak, and is probably double secured.

Area F2 is separately secured, appears to be active, and contains 5 possible excavations.
